UST look at her Hair! Why I thought it was turning Grey? So it was, until she got a Bottle of that new

Hair Restorer at Durling's Drug Store, OTHERS, Look at that Child, it restores the appetite, strengthens the debility, purifies and enriches the blood, and expels from the system the corruptions which serofula breeds upon it.—See ant and yet so sure.

#### Naming the Baby.

Smudge had ransacked various books for a name, and, as the sixth of the intest edition of Smudge was indicative of toil in the ranks of men, as the infant looked strong-almost warlike-a great name was the quost of its distracted parents. Mrs. S. wanted it named after ome o d Bible character. Smudge suggested Sampson Goliah, which would typify strength; Mrs. S. leaned to Moses Samuel, emblematical of weakness.

Smudge had declared that he would expose the child to the measels before it should be nicknamed Mose or Sam. Then he hinted at Jonah; but Mrs. S. would listen to no such monogram. She didn't want her last child's name connected with a fish story! Already they had named a child Haman, and she was sure that he would be hanged some day. Seeing that no Scriptural name could be agreed upon, she suggested Omega, reminding Smudge that they had named their first born Alpha.

'You don't call this one Omega,' said Smudge. 'I'll put the name away, and when we want it I'll let you know. How would Martin Luther do?"

'I'm a Baptist, I am, Smudge!' retorted Mrs. S., coloring. 'I don't want any Luther names in this house. For your mother's sake, I allowed one of my children to be called Jonathan Wesley. She don't poke any Methodist names on to me again. If Luther had been a Baptist, the name might do. There's Roger Williams. Roger Wil liams Smudge would sound well. He could write it R. Williams Smudge, you

'But he never will!' cried the parent, with determination. R. Williams was a Baptist, and you know, Mrs. Smudge, that I don't lean that way. I'd sooner

call him Tom Paine." 'Call him Tom Paine, and I'll kill him before he's weaned.'

'You like Puritans, Mrs. Smudge. Call him Miles Standish.' 'No, sir!' I don't want my child to grow up with any such an outlandish name. You called our second boy Plymouth Rock Smudge, and that name

will kill him before he votes. No more Paritan names. 'You'r the confoundest particular woman I ever saw,' retorted Smudge. 'If it had been a girl, we would have

called her Cleopatra Octavo.' 'No we wouldn't! Our fourth girl now groans under the name of Olympia Tarpeia. It will make her be an old maid. Let's compromise, Smudge. You like a strong name-Goliah, for instance-I, a Baptist one. Let's call the baby Roger W. Goliah Smudge."

'Put the Bible name first.'

'I won't do it!' 'Then we'll call him something else.' 'My father's name was Joshua Gideon,' meekly suggested Mrs. S.

'What do I care if it was? None of my children shall be called after your relatives. That's settled! Let us fal back on a late name-Garibaldi, for in-

stance." 'Or Bonaparte.'

Whig name.'

John Smudge.

'Which one?' 'Napoleon the Third.' 'No; I won't have him called Napo-

leon." 'Then you shan't call him Garibaldi, retorted Mrs. S., as firmly. 'Smudge, you'r the thickets individual I ever lived with. You won't listen to anything. I'm reasonable—willing to listen to any-

thing you propose.' 'Then call the boy Daniel Webster. I always admired the old statesman." 'Our family shan't be disgraced by a

said Mrs. Smudge. 'Lafayette is a great, a good name.' Smudge thought; he was on the eve of suggesting the name of the great

Frenchman himself. 'He must have a middle name.' 'Lafayette Williams!' said Mrs. S.

I tell you Roger Williams shan't, in any

form, hang to that boy's coat-tail." 'Then you shan't call him Lafayette.' And thus the quarrelling over the christening continued for six mortal hours. Finally, the affair was settled. Smudge's twelfth baby is to face the world with the simple cognomen of

-Dr. S. D. Howe's Arabian Milk Cure, if directions are correctly follow-ed, dissolves the mucous or phlegm, which stops the air passages of the lungs. Its healing properties act upon the irritated surface of the lungs and throat, penetrating to every diseased part, relieving pain and entirely subduling all inflammation. The Arabian Tonic invigorates the diseased parts of the properties of the properties of the properties of the passage of t Tonic invigorates the digestive organs,

revived the old English rule that fraud in procuring a marriage is good ground for divorce. Mandler Yretski complained that his wife Eddel had practised fraud upon him by falsely representing before marriage that she was a sound and healthy woman, when in fact she was subject to insanity. Judge Wheeler remarked that he supposed the husband was a sane person, but the fact of his marrying after only one day's acquaintance with his wife left doubt as to the condition of his mind. It seems that immediately after the marriage Mrs. Yretski became violently insane, and has since been an inmate of a California asylum. During a lucid interval she admitted that she had been an inmate of an asylum in Europe, and as she had represented that she was a sound and bealthy woman before marriage the Judge ruled

that fraud was established, and a di-

vorce was granted on that ground. He

added that Yretski ought to be punish-

ed for his haste in marrying, but that

four years of such life had been suffici-

ent punishment. The Treasurer of the United States has issued a circular requesting national banks to make an additional deposit of 5 per cent. for the redemption of their circulation, with instructions that the United States notes may be sent to the Treasurer under the contract of the Treasury Department with Adams Express Company, and under the same regulations as are prescribed for the forwarding of notes and currency of the United States for redemption. The Treasurer says it is with great reluctance that this course has been decided upon, and strenuous exertions have been made to prevent it from becoming necessary; but it now seems impossible to prevent an interruption in the redemption of national bank notes unless further deposits of the United States notes shall be made.

Experiments by Galletly show how dangerous it is to allow greasy refuse to lie around, even in small quantities, in warm places. According to these experiments, such waste, dipped in boiled linseed oil and wrung out, requires at a tempertature of 170 degrees, only 105 minutes at the most to take fire, and the bulk need not be very great, as a match-boxful, at 167 degrees took fire in one hour. With raw linseed oil it requires four or five Lours; with rape oil, at 170 degrees, over six hours; with castor oil, at 185 degrees, over a day; with olive oil, one and twothirds days. With sperm oil it would not take fire at all. The heavy coal and petroluem oils were found to retard oxidation by excluding the air. Slik waste did not take fire, but gunpowder placed in it was fired in an hour.

Philadelphia, Sept. 14.—Between noon and 1 o'clock this afternoon in the tenement house No. 240 South Fifth-st., a man first shot his wife, then himself-in both cases doing his work thoroughly and well. When, attracted by the report of the pistol, police officers and other occupants of the house rushed into the room of the murder. they were both found ly ing dead, weltering in their blood. The name of the man was James Tozier, of the woman Sailie Tozier, his wife.

-On the Pennsylvania Railroad, at Harrisburg, Tuesday, the Pacific Express collied with a freight train. L.P. Johnson, freight conductor, and A. D. Cramer, train master, were seriously injured, the former, it is supposed, fatally. No one else was hurt. A misplaced switch caused the accident.

-E. C. Shelley, a caterer of Williamsport, Pa., who had been on a visit to 'There's your old Baptist name again! Tarrytown, N. Y., left there for home August 17, since which time he has not been heard from. He is aged 42, and much apprehension is felt for his safe-
